

Student Project Proposal

Individual students and student groups wishing to design their own pro bono projects should fill out this form as completely as possible and submit it via email to probono@law.utexas.edu. Upon receipt of this proposal, the Pro Bono Director will contact students to schedule a meeting to review the proposal.

Applicant Information

(If applying as a group or organization, please designate a single student to be the primary contact person for the group and list the names of all students currently planning to participate.)

Applicant/ Organization name:
