Connecting to restricted.utexas.edu Wi-Fi: Android

If your wireless device is running Google Android, follow this procedure to connect to the restricted.utexas.edu wireless network:

**Note:** These instructions have been tested for Android versions between 2.2 and 4.0.3. If you are running an earlier version of Android, use the same steps, but some of the options in step 6 may not be available.

1. Select **Settings**.
2. Select **Wireless & Networks**.
3. Select **Wi-Fi** to turn on wireless.
4. Select **Wi-Fi Settings**.
5. Under the **Wi-Fi Networks** section, choose **restricted.utexas.edu**.

For additional support, call Computer Services at 232-1230 or submit an online [help request](#).
6. Configure your options for restricted.utexas.edu as follows:
   - EAP method: **PEAP**
   - Phase 2 authentication: **MSCHAPV2**
   - Identity: Your UT EID
   - Anonymous Identity: "anonymous"
   - Password: Your UT EID Password

For additional support, call Computer Services at 232-1230 or submit an online help request.
Android Email/Wireless Set Up

7. Select Connect. Your Android device should now be connected to the restricted.utexas.edu wireless network.

For additional support, call Computer Services at 232-1230 or submit an online help request.
Configuring your Texas Law email for an Android device.

Auto discover Method:

1. In System Settings, under Accounts, select +Add Account.
2. Select the option for Exchange. It may be listed as Work or Corporate.
3. Configure your Exchange account in the provided fields.
   - Email Address: Your email address (e.g., user@law.utexas.edu)
   - Password: Your UT EID password
4. Your Android phone will try to set up your email account automatically.

Note: If you experience problems, try it twice, in case there was a mistype. Give auto discover a chance to work.

Manual Method:

1. Enter the manual setup option, available on most devices. Use the following settings:
   - Email address: Your email address (username@law.utexas.edu)
   - Server address: outlook.office365.com
   - Domain: Leave blank or type in AUSTIN\
2. Username: Your UT EID
   Password: Your UT EID password
3. Enable/check the option for this server requires an encrypted SSL connection.
4. Tap “Next” and choose which items you would like to synchronize, then select “Done”.
5. Finally, you may be prompted to choose a name for the account you have just added.
