Dear "Sissy"

I feel that I express the sincere sentiments of the great majority of Texans when I say that although you lost the recent gubernatorial race for the Democratic nomination, you never-the-less won a great victory for decency and honesty in state government.

Your splendid conduct and hard-hitting exposure of corruption, graft, and demogoguery has resulted in cleaning out the culprits in office and prevented other of the same low calibre from gaining power in our great state.

The people of Texas are benefited by your courage and sacrifices for which we shall be forever grateful.

Yours very truly
