All students are eligible for the reading group. If you would like to register for the reading group, send an email to Dirk Jordan at dirk@dirkjordan.com

Students should write a short paragraph as to why they are interested in the reading group and indicate what class (2L, 3L) you are in. Let me know if you have accepted employment with a law firm after taking the bar, and if so, whether the firm is between 1-20 lawyers or larger. If you are going to a large firm after graduation, let me know why you want to take this class, which is targeted for those who plan to start their own firm within the first five years after graduation.

Students will be accepted based on the order in which requests to register are received and who are qualified. Preference will be given to those who do not have employment after graduation.

To be considered for early registration, please email by October 6, 2017. After that, seats will be filled at the discretion of the professor if available.
