

THOMAS M. REAVLEY
UNITED STATES COURT OF APPEALS
FOR THE FIFTH CIRCUIT
11009 U. S. COURTHOUSE
515 RUSK STREET
HOUSTON, TEXAS 77002-2605

Favorite lawyer, you are truly amazing. I have been thinking of you and your many grand exploits as I have been reading your Thinking About Terrorism. You are not only great of brain but also of heart. Justice is more than a word or idea to you. I wish the part of your book that my babies would follow could be printed and put in his hands. The ASST will not & cannot market it as it deserves.

Of course, Judge Posner is not in your league. He does not believe in the rule of law. A "national emergency" trumps the law, the constitution, and international norms for him. As in his writings about Bush & Hoa - because it was a "constitutional crisis" by his means, the Supreme Court was justified, although - of course - the Court could have written better if he had done the opinion.

I have sat on panels with him and enjoyed his companionship. And he is bright & prolific. But I wonder why he writes - and publishes! - some of it.

I cannot understand how this nation with all of its talent and history could come to the pass of where we are today. Incompetence and hypocrisy rampant! I wish I could turn back the calendar 50 or 60 years and join a cadre under the leadership of Michael Fingar - with Jane Fingar too!

Highest regards,
Tom
