Admitted DC & NY. Practice limited to  
federal and international matters

*Karen*

The enclosed flash drive has folders with my writings (decade by decade), some arguments and case materials (including my Supreme Court oral arguments), several of my books in .pdf format, the lectures I gave in South Africa, and then a whole bunch of "Mementoes." The pdf file in the 1METMaterialsIntroduction folder gives an overview of this project and a guide to the tables of contents in each folder.

If any of these files do not work, let me know ...

*M.*
