

## **Fellowship POSTING: Elizabeth Frankel Fellowship**

Title: Elizabeth Frankel Fellowship  
Supervised by: Deputy Director  
Status: Fellowship  
Location: New York, New York  
Revised: October 2022

### **ABOUT THE YOUNG CENTER**

Young Center for Immigrant Children's Rights is a national organization dedicated to protecting and advancing the rights and best interests—safety and well-being—of immigrant children in the United States. The immediate focus of Young Center's work Child Advocate Program is to serve as Child Advocate (guardian ad litem for children in immigration proceedings) for unaccompanied and separated immigrant children pursuant to the 2008 Trafficking Victims Protection Reauthorization Act and the 2013 Violence Against Women Act. Our role is to identify and advocate for the best interests of immigrant children both while they are in federal custody and after they are released, applying federal and state law and long-recognized principles of the best interests of the child. Young Center also does policy work, advocating with legislators, federal agencies, and other stakeholders to promote consideration of the best interests of the child in all decisions concerning immigrant children and to create a dedicated juvenile immigrant justice system that treats children as children. Young Center has offices in Houston, San Antonio, Harlingen, Chicago, New York, Washington DC, Phoenix, and Los Angeles.

### **ABOUT ELIZABETH M. FRANKEL (1977-2021)**

Elizabeth M. Frankel (Liz) was the first Associate Director of the Young Center. She joined the Young Center in late 2009, as just the third full-time employee, becoming part of a trio of attorneys in Chicago who would develop and implement an entirely new model for advocating for the rights of immigrant children and youth. Today the Young Center has eight offices across the country with more than 100 staff; Liz was involved in the creation and development of each office. From 2009 to 2015, Liz taught in the Immigrant Child Advocacy Clinic at the University of Chicago Law School. She loved mentoring law students and seeing them use their skills to take pro bono cases or jobs in public interest law.

### **ABOUT THE ELIZABETH FRANKEL FELLOWSHIP PROGRAM**

The Young Center for Immigrant Children's Rights annual Elizabeth Frankel Fellowship began in 2022. This Fellowship Program intends to honor Liz's passion for supporting law students as they learn to advocate effectively for immigrant children and families. The Fellowship Program will enable fellows to spend 10 weeks training to zealously advocate for children, and to carry on Liz's vision of honoring the child's wishes through careful, strategic best interests advocacy. The Fellows will serve as Child Advocates for individual children, communicate with stakeholders, conduct legal research and writing, and draft best interests determinations under the guidance of Young Center staff within the Child Advocate Program. The Fellows will also engage in policy advocacy through ongoing initiatives at the Young Center under the supervision of the Policy Program staff. Fellows will be based in New York City and will spend one week of the Fellowship Program in the Young Center's Harlingen office to understand how immigration patterns, enforcement, and advocacy play out on the ground along the U.S.-Mexico border. The Elizabeth Frankel Advisory Committee, comprised of Liz's family, friends, colleagues, and Young Center staff, advises the Young Center regarding the operation of the Fellowship Program.
