## Foley Hoag's Diversity Mentoring Program for First-Year Law Students from Underrepresented Backgrounds

### MISSION AND INTENT

On behalf of Foley Hoag, you are formally invited:

Foley Hoag encourages you to apply to REACH, a unique mentorship opportunity available to first-year law students from underrepresented backgrounds, during the 2023 academic year.

Through REACH, you will be paired with a Foley Hoag attorney, who will coach and advise you on a variety of career-related matters. Through regular check-ins, our mentors will share their experiences in the legal profession, their considerations with respect to practice area choice, and their knowledge of the evolving job market.

Additionally, you will be invited to attend firm-hosted speaker series and events centered on Diversity, Equity & Inclusion (DE&I) principles. As a REACH participant, you will gain access to Foley Hoag's network of attorneys from our Boston, NY and DC offices. Mentorship is at the core of Foley's culture. Apply today for an opportunity to get connected.

connect.  
develop.  
uplift.
