

March 22th, 2018

Doctor
Mauricio Pajón
Director of Admissions
The University of Texas
Law School

Dear Dr. Pajón:

We are pleased to announce the Brigard Urrutia/Brigard Castro Summer Internship Program 2018 (the "Program") which is offered to students who are currently pursuing a legal education in national and foreign law schools and have obtained outstanding academic results. It would be an honor and a privilege to add to our Program students from University of Texas Law School. Please find attached a general description of the Program.

The Program offers students the opportunity to spend 7 weeks of their summer vacation at Brigard Urrutia/Brigard Castro, the leading law firm in Colombia. During the Program, students will have the experience of working at a Latin American law firm, rotating among our different legal practice groups, participating in our training activities and living in Colombia, a vibrant country with many cities that have a rich cultural life and heritage.

We would very much appreciate if you kindly share this invitation with those students whom may be interested in taking advantage of this opportunity. We are confident that their experience in a Colombian law firm will be worthwhile from a personal and professional point of view.

Interested candidates should forward their curriculum vitae to pasantiasdeverano@bu.com.co no later than April 13rd, 2018 with a personal statement expressing their interest in participating in the Program (half of it written in English and the other half in Spanish).

Should you require additional information about our firm and/or our Program, please do not hesitate to contact us, we will be glad to assist you. For more information about Brigard Urrutia/Brigard Castro and our areas of practice, please visit our web site: www.bu.com.co

Sincerely,

LUIS ALFREDO BARRAGÁN
